

# YOUR PILE, MY PILE

1. You will need your kindergarten Sight Word List.
2. Cut them apart and place in a pile, face down.
3. The student will flip a card up and read the sight word.
4. If he/she reads the sight word correctly, it goes on their pile.
5. If he/she reads the sight word incorrectly, it goes on the adult or older student's pile.
6. Play until you go through the stack of cards.

## COMMON CORE CONNECTION

- ❖ RF.K.3c Read frequent high frequency words by sight.
- ❖ RF.K.1b Recognize that spoken words are represented in written language by specific sequences of letters.
